Crib Attachment

⚠ WARNING

PREVENT ENTANGLEMENT INJURY

- This product will not attach to all crib designs.
- Do not add additional strings or straps to attach to a crib or playpen.

IMPORTANT! Always attach all provided fasteners (strings, straps, clamps, etc.) tightly to a crib or playpen according to the instructions. Check frequently.

1

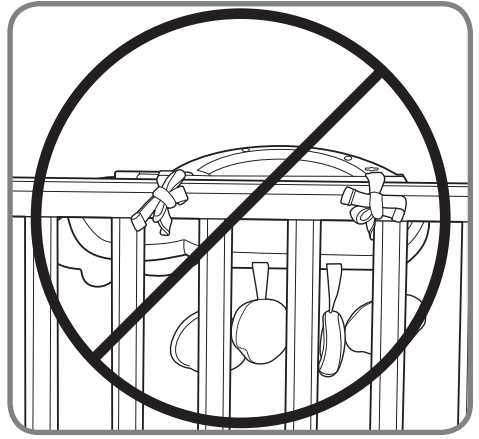

- Pull the panel on the back of the toy out and **"snap"** in place.

2

- Place the toy on the crib top rail, as shown. Make sure the top straps are hanging over the crib top rail.

Crib Attachment

- Tie together the top and bottom straps on each end of the toy. Make sure the straps are tied securely to the crib top rail.

Note: It is better to tie the straps in a knot than a bow, since a bow may be easily untied.

Tummy Time Fun

- Remove the toy from the crib. Place the toy on the floor for tummy time fun!

Note: Make sure the panel on the back of the toy is still locked into the open position.
