

We've Made a Change!

Please use these instructions to apply the decorative labels included with your vehicle (instead of the instructions inside the Owner's Manual).

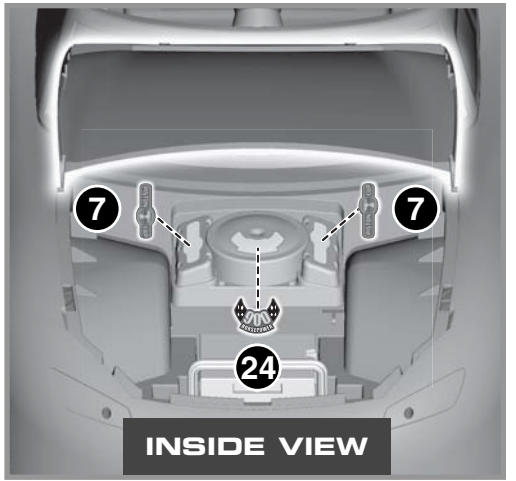

- Wipe the vehicle with a clean, dry cloth to remove any oils before applying labels.
- Apply labels exactly as shown in the illustrations. For best results, avoid repositioning the label after it has been applied.
- Starting at the center of a label rub firmly with a dry cloth, and smooth towards the outer edges to remove air bubbles.
